Bishop Baker Issued a Letter 4/3 In Support of HB-314 & SB211

These would ban all abortions including those induced by medications, as soon as a woman is "known to be pregnant." There are exceptions for "lethal anomaly" & serious health risk to the mother. There are no exceptions for rape and incest. Violation of this law would be a felony.

Additional Thoughts from of Saint Teresa of Calcutta:

"In the scriptures, it is written, "I looked for one to comfort me and I found none." Jesus is your child, your spouse, your neighbor, looking for someone to comfort Him. Are you there? Let us make a resolution: I will be there for my child, my spouse, my neighbor --- not just in words, but by my sharing and sacrificing. Maybe just a beautiful smile instead of that angry look, maybe a beautiful word instead of that angry word, Let us take the trouble to be that one to comfort Him."
